Summary

Motivated Computer Science Engineering student with a strong foundation in programming, data structures, and problem-solving. Proficient in C, C++, Python, and Java, with hands-on experience in academic projects and algorithms. Passionate about building efficient solutions and exploring emerging technologies. Eager to contribute to innovative projects and grow as a software developer.

Education

NIST University, Berhampur

B.Tech in Computer Science and Engineering 2024 – 2028 | CGPA: 8.62

Kendriya Vidyalaya

CBSE (Class XII) 2023 | Percentage: 62%

Kendriya Vidyalaya

CBSE (Class X) 2021 | Percentage: 85%

Experience

Summer Intern 2025

NIST University, Berhampur

- Learned fundamentals of C and C++ programming.
- Worked on a minor project applying programming concepts.
- Gained knowledge of Data Structures and Algorithms.

Projects

Women Safety AI

React, Node.js, Express, MongoDB, Twilio API, Google Maps API

- Developed a web application to assist women in emergency situations.
- Implemented one-click SOS alerts with real-time location tracking.
- Integrated SMS alerts to notify trusted contacts instantly.
- Enabled live location sharing using Google Maps API.

Phone Book Management System

C Programming

- Built a console-based application to manage contacts efficiently.
- Implemented add, delete, search, and update operations.
- Used structures and file handling for data storage.
- Designed a user-friendly menu-driven interface.

Research Work

Multimodal Data Fusion for Emotion Recognition in Emotionally Intelligent Systems

Status: In Progress

- Explores integration of facial expressions, voice, and text for emotion detection.

- Aims to enhance human-computer interaction using intelligent systems.
- Focuses on applying machine learning techniques for accurate predictions.

Technical Skills

Programming Languages: C, C++, Python, Java

Data Structures & Algorithms: Arrays, Stacks, Queues

Leadership & Extracurricular

Core Member, Cloud Computing Club

NIST University

- Actively participating in cloud computing activities and discussions.
- Collaborating with peers to explore modern technologies.

Workshop Coordinator

- Organized and managed technical workshops and events.
- Coordinated participants and ensured smooth execution.
